2. Arkwood Dioxin Reassessment - Update

Preliminary EPA split data show elevated levels above new dioxin PRG. Awaiting PRP preliminary data. Data validation to be complete in February 2015. Dioxin Reassessment likely expanding with future additional sampling.

10. Five Year Reviews – State Lead

Jacksonville: In final EPA review, concurrence anticipated in March 2015. (Previous FYR signed September 24, 2010).

Rogers Road: In final EPA review, concurrence anticipated in March 2015. (Previous FYR signed September 24, 2010).

Subject: ADEQ Monthly Call

We are scheduled to have our monthly call with ADEQ this afternoon. Please provide to me by noon a short update on the status of your site activities. Thanks CAS
